ESTILO DE ILUSTRAÇÃO

 PASSEIOS	 CHEFS	 MOTORISTAS	 LIMPEZA	 MASSAGEM	
 CONFIÁVEL	 FÁCIL DE FALAR	 LOCAL	 ATENDIMENTO HUMANO	 PAGAMENTO SEGURO	 AVALIAÇÕES REAIS

1. Approved brand direction

The brand is bright, tropical, premium and human.

The mark is an organic island outline with a palm tree inside.

The wordmark is capitalised as Daquii, with a capital D.

The colours must match the reference: bright pink, orange, teal, deep navy and sand.

The external decorative dot beside the island outline must not be used.

2. Correct logo system

Use: daquii_logo_mark_capital_d.svg and daquii_logo_horizontal_capital_d.svg.

Do not use: lowercase wordmark, abstract D with people, handshake, location pin, or exterior dot.

Wordmark: Daquii, Deep Navy, two coloured i dots.

3. Colour palette

Colour	Swatch	Hex	Usage
Tropical Pink		#FF2D6D	Primary pop accent, word emphasis, gradient start, badges
Sunset Orange		#FFB62B	Warm accent, gradient midpoint, premium highlights
Ocean Teal		#00C2BB	Primary CTA, links, active states, palm mark, positive states
Deep Navy		#0B1D3A	Wordmark, headings, body text, nav, high trust UI
Sand		#FFF7ED	Warm background, cards, soft panels
White		#FFFFFF	Main background
Soft Border		#E7EEF2	Borders, dividers, table lines
Muted Text		#5B677A	Supporting copy

4. UI application

Homepage: white or sand background, bright tropical illustration, bold navy headline and teal/pink accent copy.

Buttons: Ocean Teal primary, pill shaped, white text, strong hover state.

Cards: white cards, rounded corners, soft border, soft shadow.

Provider cards: real face photo first, then name, category, languages, price, trust badge and WhatsApp CTA.

Advertising: native sponsor cards, not ugly banner ads.

Admin: practical white/Sand UI, Deep Navy headings, Teal CTAs, Pink warnings, Orange pending states.

5. Copy system

6. Cursor fix prompt

Use the Daquii capital D brand pack and update the project to match the attached reference image exactly in direction.

The authoritative visual reference is:

Daquii_Capital_D_Authoritative_Brand_Reference.png

The brand direction is now capital D.

Correct brand direction:

1. Brand name is:

Daquii

2. Do not use:

daquii as the main wordmark

DAQUII

Daqui

Bem Servido

3. Use the logo style from the reference image:

- organic island outline
- palm tree inside the island
- no external dot beside the island outline
- capital D wordmark: Daquii
- deep navy wordmark
- bright gradient island outline
- teal palm tree
- the two i dots should be Ocean Teal and Tropical Pink

4. Use this exact colour palette:

Tropical Pink: #FF2D6D

Sunset Orange: #FFB62B

Ocean Teal: #00C2BB

Deep Navy: #0B1D3A

Sand: #FFF7ED

White: #FFFFFF

Soft Border: #E7EEF2

Muted Text: #5B677A

5. Make the colours pop. Do not mute them. Do not use pastel-only versions.

6. The visual style should match the reference:

- bright daytime tropical colours
- white and sand backgrounds
- bold navy type
- teal and pink accent typography
- bright service illustrations
- rounded cards

- modern premium island concierge feel

7. Do not use:

- lowercase daquii as the main logo
- abstract D with people
- handshake logo
- location pin logo
- dark neon Miami Vice styling
- black-only logo as the main brand
- muted grey/pastel palette

8. Replace any old generated logo files with:

daquii_logo_mark_capital_d.svg

daquii_logo_horizontal_capital_d.svg

9. Add the capital D design tokens:

daquii_design_tokens_capital_d.json

daquii_design_tokens_capital_d.css

10. Update Tailwind and global CSS to use the capital D brand colours, fonts, radii, shadows and gradients.

Typography:

Use Sora or Montserrat for headings.

Use Sora or Inter for body copy.

Keep headings bold and rounded like the reference.

Homepage hero:

Headline:

Pessoas de daqui, para você.

Supporting copy:

Conectamos você a pessoas locais de confiança que tornam sua experiência incrível, sem complicação.

Tagline:

Tudo o que você precisa, daqui.

Primary CTA:

Encontrar serviços

Secondary CTA:

Anunciar na Daquii

Apply this branding to:

- header
- footer
- homepage
- service category pages
- provider cards
- provider profile pages
- pricing page

- recommended businesses page
- advertiser cards
- admin dashboard
- provider dashboard
- buttons
- badges
- tables
- forms
- search components

Provider cards should emphasise real people:

- large face photo
- name
- category
- languages
- price
- trust badges
- WhatsApp CTA

Advertising should feel native:

- bright sponsor cards
- Sand backgrounds
- clean logos
- clear CTA
- label sponsored placements as Patrocinado

Run:

`npm run build`

Fix all TypeScript, lint and build errors.

When finished, summarise the files changed and confirm that the logo, colours and wordmark now match the capital D reference image.
